

# Howling Wolf

Howling Wolf Weisse Bier is an unfiltered Bavarian-style Hefeweizen. Brewed with a hearty amount of wheat, this Weissbier pours a light clouded golden color with a generous head. Gently hopped to balance the malt sweetness, Howling Wolf's flavors and aromas are subtle with a hint of fruit and spice. At 5% alcohol by volume, this light-bodied ale is a refreshing session beer for any time of year.

*Howling Wolf Weisse Bier began year-round production in the fall of 2010.*
